Appl. No. 10/574,611

Preliminary Amendment dated: August 31, 2010

Reply to Office Action of May 27, 2010

REMARKS/ARGUMENTS

Applicant thanks the Examiner for his courtesy in discussing new Claim 21

in a teleconference on August 30, 2010. Unlike Claim 1, new Claim 21 positively

recites the existence of a flame issuing from the second end of the tubular

housing; i.e., the housing for the igniter assembly. It is believed that Claim 21

clearly distinguishes over the Wellington reference, which has been discussed in

Applicant's prior amendment.

In view of the foregoing amendments and remarks, it is respectfully

submitted that all claims are in condition for allowance which is hereby earnestly

solicited and respectfully requested.

Respectfully submitted,

/C. James Bushman/
